

FINAL YEAR PROJECT - WEEKLY LOG FORM

[WEEK # 01]

1. Student & Project Information:

Student Name:	Student Id:	Attendance:
Saireen Malik	IU05-0122-0067	Present
Muhammad Ammar Zahid	IU05-0122-0096	Present
Muhammad Haris	IU05-0122-0078	Present

2. Summary of Weekly Work:

Main Objectives for the Week:

- Decide project to build for FYP.
- Finalize an idea that solves a real-world problem

Tasks Completed:

- No tasks completed (project idea was not approved)

Hours Worked:

- 3 Hours

3. Work In Progress:

Tasks not Completed:

- Decide a suitable project idea
- Get approval for the project

Challenges Encountered:

- Difficulty in choosing a project that solves a real-world problem
- Need to select something that also enhances technical skills

Actions Taken / Solutions Implemented:

- Conducted online research

- Explored different project ideas on Google

4. Planning for Next Week:

Planned Tasks & Objectives:

- Finalize and get approval for project idea

Resources/Support Needed:

- Online research (Google)
- Discussion with supervisor or colleagues for guidance

5. Reflection & Feedback:

Key Learnings:

- Understood how to decide and choose a meaningful project idea
- Realized the importance of selecting a project that aligns with both problem-solving and learning goals

Additional Comments:

- Need further support in narrowing down project ideas
- Looking forward to selecting an exciting and challenging project

Supervisor Feedback:

Supervisor Signature & Date:
