

FINAL YEAR PROJECT - WEEKLY LOG FORM

[WEEK # 05]

1. Student & Project Information:

Student Name:	Student Id:	Attendance:
Saireen Malik	IU05-0122-0067	Present
Muhammad Ammar Zahid	IU05-0122-0096	Present
Muhammad Haris	IU05-0122-0078	Present

2. Summary of Weekly Work:

Main Objectives for the Week:

- Get approval for functional and non-functional requirements.
- Start working on use cases and use case diagram.

Tasks Completed:

- Requirements were reviewed and approved by the supervisor.
- Started drafting initial use cases for the system.
- Researched use case diagram standards.

Hours Worked:

- 6 Hours

3. Work In Progress:

Tasks not Completed:

- Finalization of all use cases and diagram.

Challenges Encountered:

- Structuring detailed use cases correctly.
- Designing an organized and complete use case diagram.

Actions Taken / Solutions Implemented:

- Referred to sample use case diagrams from similar projects.
- Consulted online tutorials and articles on use case writing.

4. Planning for Next Week:**Planned Tasks & Objectives:**

- Complete detailed use cases.
- Finalize the use case diagram.

Resources/Support Needed:

- Online tools for creating diagrams.
- Supervisor feedback on draft use cases.

5. Reflection & Feedback:**Key Learnings:**

- Approval of requirements boosted project clarity.
- Initial work on use cases gave practical experience.

Additional Comments:

- Initial work on use cases has clarified system interactions.
- Focus will now shift to accurately modeling all major user actions.

Supervisor Feedback:
